

Hello Parents and Guardians,

We hope this email find you and your family doing well. We are sad to report that two (2) Team Members tested positive for COVID - 19 on Friday, October 10th. With an abundance of caution, the start of First Tee Classes will be delayed for a 14 day period. All other Team Members who have been in contact with these individuals have been notified, tested and are quarantining at home. In addition, The Golf Center at Palm Desert facility will be professionally sanitized and closed for 14 days.

The current plan is to resume First Tee Classes the week of October 26th, please [click here](#) for the updated class schedule dates.

We are disappointed with this delay as we are ready to see the participants playing, learning and having FUN again! However, we must make the health and safety of your children and the First Tee Coaches our first priority.

Please contact Teal Guion, Executive Director with any questions and concerns you may have. Teal can be reached by email at: [tguion@ftcv.org](mailto:tguion@ftcv.org)

At your convenience, take the time to review the [FTCV Parent Handbook with Safety Protocols for reopening](#) . The Safety of your child(ren) remains our most pressing concern and we will be taking multiple precautions to keep all First Tee Families, Coaches, Volunteers and Staff healthy when we start the Fall Session.

Thank you and I look forward to seeing you and your children soon!

Teal Guion
